

BlackBerry 7130g

The BlackBerry 7130g™ combines a mobile phone with email and data experience in one sleek, stylish handset. It offers complete BlackBerry functionality, giving you a great phone and messaging features for both work and leisure. You can stay in touch with customers, colleagues, suppliers and friends on the move – you're always connected¹.

Designed for...

Customers who want an optimal, all-in-one device for voice, push email, browsing and applications

A bit more detail

- The BlackBerry 7130g is a sleek, stylish phone with high resolution screen and great browsing and processor capability, featuring a SureType™ keyboard
- Offers key phone features, such as speakerphone, Bluetooth® technology and polyphonic ringtones, in a slim, lightweight handset
- Enhanced audio clarity for clearer calls, and speaker phone for conference calling
- New processor allows for an exceptional web browsing, application use and attachment viewing experience
- High resolution, light-sensing screen – optimises LCD screen lighting levels automatically for ideal indoor and outdoor viewing
- Dedicated Send, End and Mute keys so that managing calls is easy.

A few great reasons to have the BlackBerry 7130g

- Combined mobile phone, email and data experience for customers that prefer a smaller handset design
- Bluetooth® enabled – works with inbuilt wireless car kits and headsets
- 64 MB SRAM – more memory, so more space for data and applications
- Excellent battery life - ideal for people who can't afford downtime
- Quad band.
